

Coronavirus – information for partners, Foreigners' Health Insurance

March 17, 2020

Treatment in case of Coronavirus infection (COVID-19)

AXA ASSISTANCE declares that the Foreigners' Health Insurance that sells covers the treatment of clients in the event of Coronavirus (COVID-19) infection. As such, AXA ASSISTANCE will pay this treatment up to the agreed limits of insurance event, regardless of the type of Foreigners' Health Insurance arranged by the client.

AXA ASSISTANCE further declares that in the case of clients who bought Foreigners' Health Insurance in the Comprehensive Care option, will also pay preventive and dispensary care associated with the Coronavirus infection (COVID-19) under the same conditions under which this type of care is provided to participants of public health insurance in the Czech Republic. Of course, only up to the agreed limit of insurance event.

Premium refund

AXA ASSISTANCE undertakes to refund the whole premium in case of:

- a) A client who bought Foreigners' Health Insurance in the Comprehensive Care option will not be demonstrably issued with an entry visa or refused entry into the Czech Republic in connection with measures taken by the Government of the Czech Republic to prevent infection by Coronavirus (COVID-19).
- b) A client who bought health insurance in the option of Emergency and Urgent Care will not be granted an entry visa by the authorities of the Czech Republic or another Schengen Member State or will be refused entry into the territory of the so-called Schengen Area. But only if this is in direct connection with measures taken by the Government of the Czech Republic, the Government of another Schengen Member State or the EU authorities to prevent Coronavirus infection (COVID 19).
